Secondary School Certificate (S.S.C.)

Nimgaon Vidyamandir & Junior College | 2017 | **Percentage: 80.20%**

PROJECTS:

1. Sai Krupa Financial Services (Internship Project)

Back End Developer | Feb 2025 – Apr 2025

Project Overview:

Created a full-stack loan management application, with a user-friendly React frontend featuring dynamic client tracking and interactive loan status displays. The backend, developed with Spring Boot and MySQL, ensures secure data handling, JWT-based authentication, and efficient client-staff allocation, supporting seamless loan processing and management.

2. i2ispecialist Technologies Website (Internship Project)

Front End Developer | Nov 2024 – Jan 2025

Project Overview:

Designed and implemented the front-end of a responsive Full Stack website, including features like student reviews, demo lectures, and job openings. Focused on crafting a seamless user interface, cross-device compatibility, and visually appealing layouts while ensuring smooth functionality and enhanced user experience.

3. Healthcare Chatbot Using AI (Academics Projects)

Front End Developer | Aug 2023 – April 2024

Project Overview:

Developed a Healthcare Chatbot application focused on the frontend, providing healthcare advice, appointment scheduling, and personalized tips. Delivered an engaging and user-friendly experience through the integration of AI for real-time advice.

4. College Event Organization System (Academics Projects)

Web Developer | Aug 2022 – April 2023

Project Overview:

Created a web application for streamlined event management and collaboration, focusing on the frontend to enhance user engagement. Managed the database for event and user data, improving overall event management efficiency.

PERSONAL DETAILS:

- **Date of Birth:** 8th Sep 2001
- **Gender:** Female
- **Language Proficiency:** English, Hindi, Marathi
- **Nationality:** Indian
